Lockable wheel nuts

- Protection against Wheel and Tire Theft.
- Easy to install.
- Unique key patterns for both open and closed type nut, uniquely designed for Nissan.
- Keys match the vehicle's original equipment lug wrench.
- All nuts are made out of one piece.
- Available in sets of 4 or 5 nuts.
- Including instruction manual and key code card.
- Key included.
- For application see aluminum wheel overview.
- Actual product can be different than shown on picture.
